

ASLI LEARN

Test School Dashboard

1.overview->The selected date is 08/03/2026, and there's a calendar icon on the right side. It looks like the icon is partially cut off/clipped by the input border

Recommendation: Increase the right padding or adjust the alignment of the calendar icon so it is fully visible within the date input field. The icon should not be clipped or overlap the input border, ensuring a clean and consistent user interface

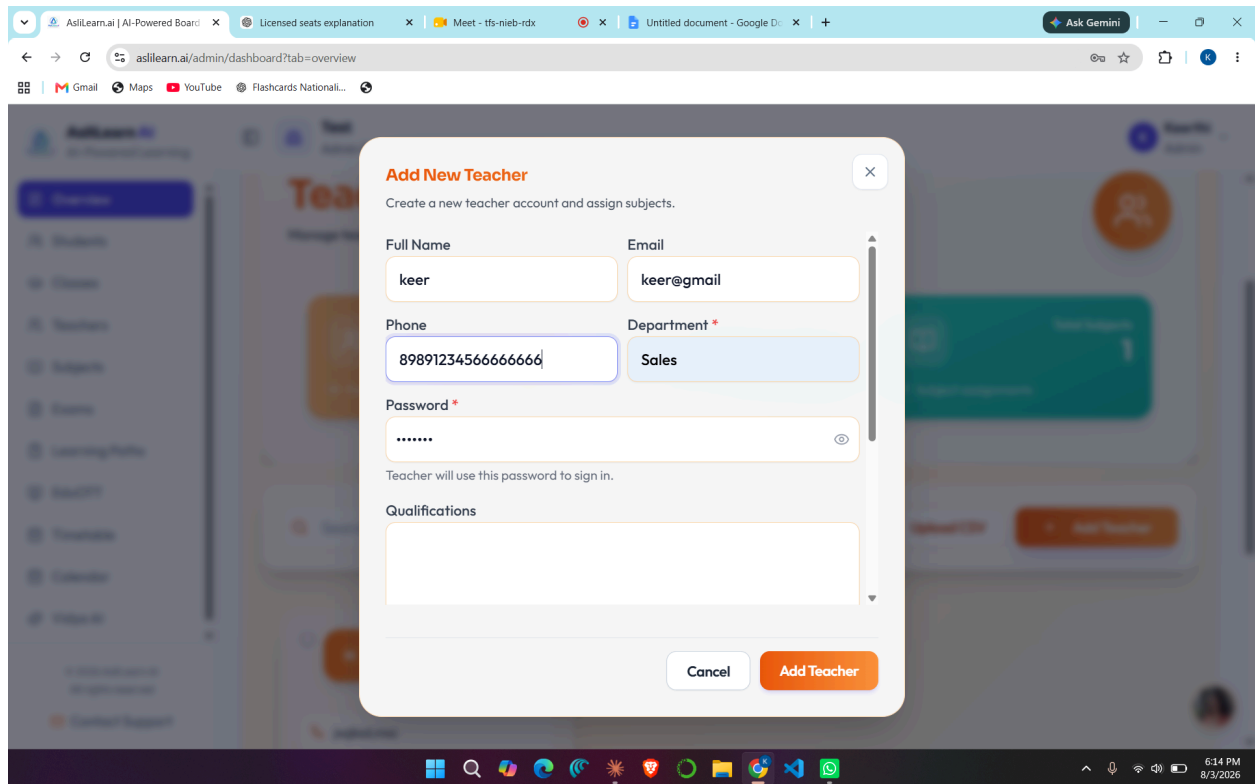

2.Overview->ADD Teacher form->Email,phone numbers are not mentioned as mandatory fields,also email,phone numbers are accepting invalid characters.

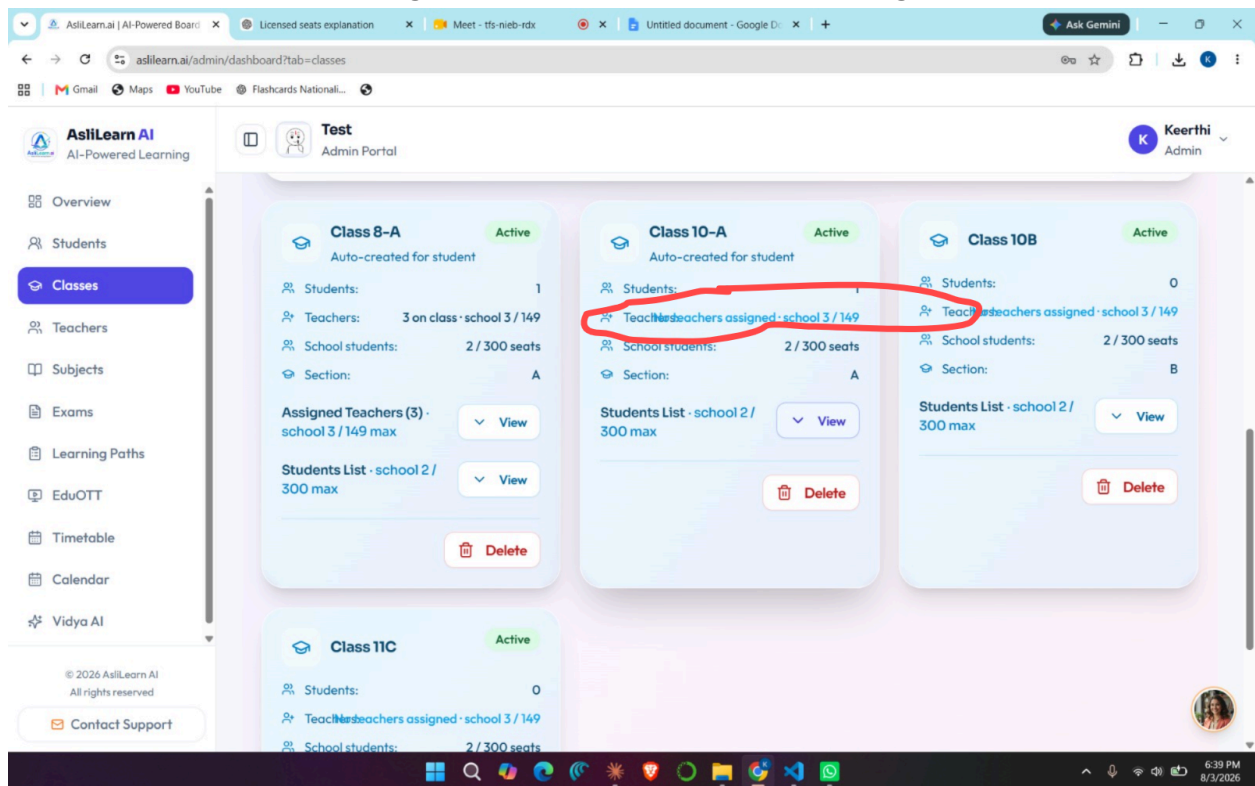

Add New Teacher

Create a new teacher account and assign subjects.

Full Name	Email
keer	keer@gmail
Phone	Department *
jxsjksd,msc	Sales
Password *	
.....	
Teacher will use this password to sign in.	
Qualifications	

3.Classes->"No teachers assigned · school 3 / 149" is overflowing into the next field

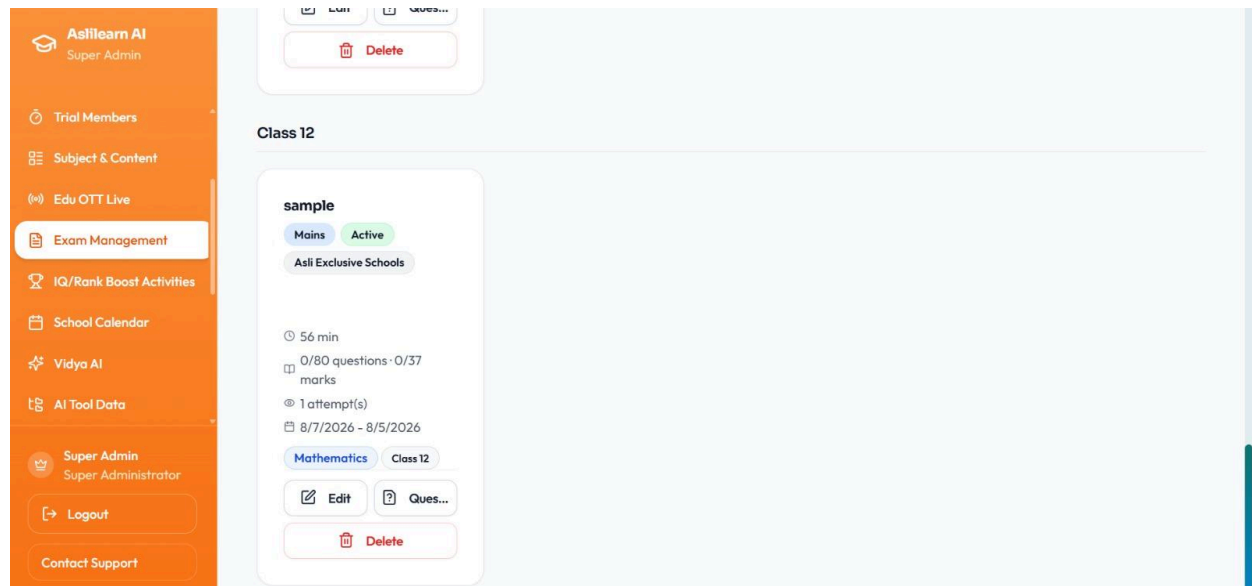

Recommendation: Ensure the "No teachers assigned" text stays within the class card boundaries. Long text should wrap onto the next line or be truncated with an ellipsis (. . .) to prevent overlapping adjacent content and maintain a clean, readable layout.

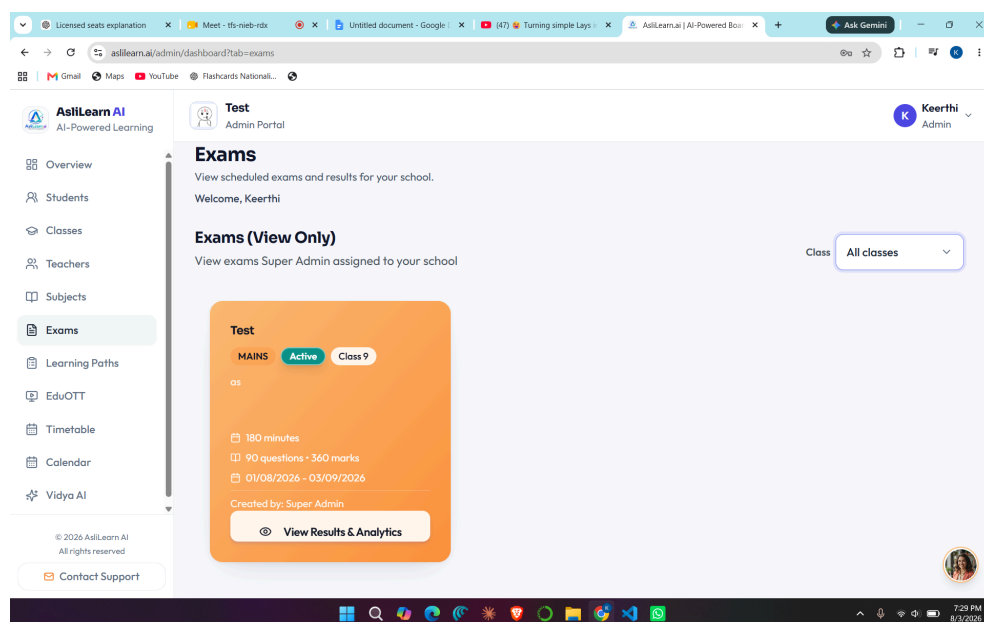

4. **Exams**-> Scheduled exam not visible in School Admin :

The Super Admin created **Class 12** for the **Test School** and scheduled an exam for that class. However, when logging into the Test School (School Admin), the scheduled exam is not visible on the dashboard or Exams page.

In super admin

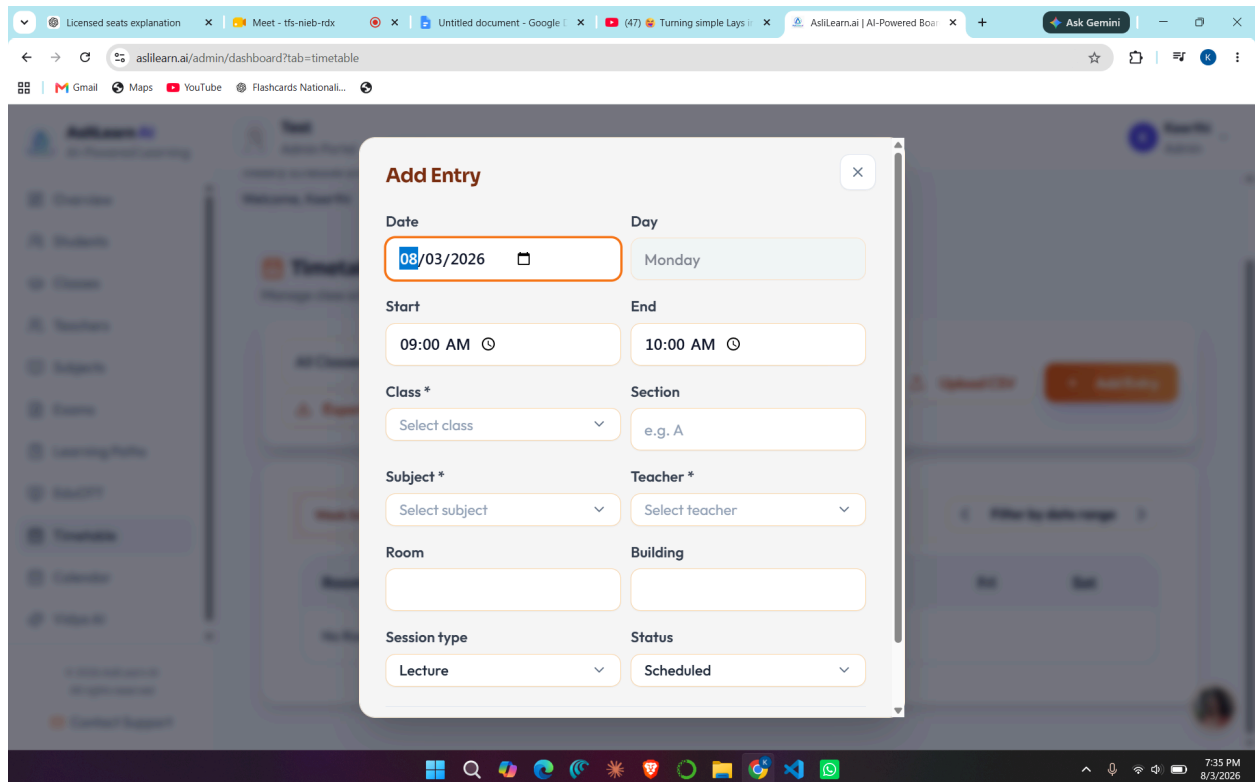

IN Test school admin

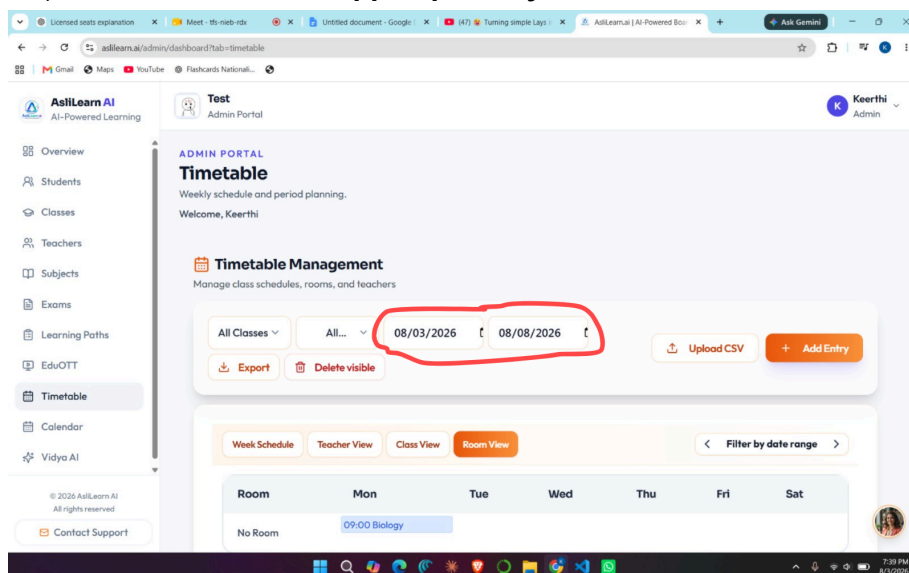

Recommendation:

Ensure exams created by the Super Admin are correctly associated with the target school and class, and are synchronized so they are visible in the respective School Admin portal.

5.Timetable->Make Room,Buliding fields mandatory

5.1)calendar icons are clipped/partially hidden on both date fields,

Recommendation: Increase the right padding of the date inputs so the calendar icons are fully visible
